BY SMITH & SAYWARD. FRIDAY, JULY 28, 1848. VOLUME XV.....NUMBER 23.

Dr. Townsend's SARSAPARILLA,

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

Fifteen extractions put up in quart bottles, is much cheaper, pleasanter, and warranted superior to any sickening or debilitating the patient

The great beauty and superiority of this Sarsaparilla over all other medicines, is, while it eradicates disease it invigorates the body. It is one of the very best Fall and Winter medicines ever known, it not only purifies the whole system and strengthens the person but it creates new pure and rich blood. A power possessed by no other medicine. And in this lies the great secret of its wonderful success. It has proved itself unrivalled in the last seven years, more than 30,000 cases of Chronic Rheumatism, and at least 20,000 cases of Dyspepsia, have been cured.

More than 3000 cases of Chronic Rheumatism
5000 cases of Dyspepsia
4000 cases of Constant Debility and Weakness,
7000 cases of the different Female Complaints,
6000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Bladder,
8000 Cases of Consumption,

and thousands and thousands of cases of the different Ulcers, Erysipelas, Saltrheum, Pimples, Scurvy, together with numerous other complaints.

This we are sure must satisfy every person in regard to the merits of this medicine. We have letters from physicians and agents from almost every part of the United States, and from all parts of the world, recommending it in the highest terms. We refer to a few of the names which we will refer to with pleasure. There are those in the first families, and those in the most delicate child.

RHEUMATISM

Sarsaparilla is used with the most perfect success in the immediate relief, and in the speedy cure. The storm of long years has been stayed by this extract of roots and herbs, and the sufferer has found a new gentle balm and bones and blood.

Hear Mr Seth Terry, one of the oldest and most respectable lawyer in Hartford Conn. The following is an extract of a letter received from him

Dr Townsend—Dear Sir Nearly twenty years I took a violent cold which settled in my left side and made me severely indeed finally it confined me to my bed for eight weeks but in two years from attending to my business. While for the last few years I increased on me gradually became reduced—I breathed with difficulty with my cough much bad matter &c. Several months previous to using your Sarsaparilla for eight weeks, indeed, my friends supposed that I would die with the Consumption. I have this year used in the last two years, more than 300 bottles of your Sarsaparilla and find it by far the best medicine for the cure of Liver Complaint, and that long train of diseases arising from a disordered state of the blood, and to my knowledge it has cured many persons of Consumption, after using three bottles of your Sarsaparilla my health restored. It relieved me greatly and am now enjoying much better health than I have for 26 years. I am almost entirely free from my cough and my appetite is as good as a child I ever saw. I have also taken your Sarsaparilla in my family with the most beneficial effects. I have recommended it to many of my friends and shall continue to do so. I am yours truly

Congressional Convention

The Whigs of the *Seventh Congressional District* are hereby notified that a Convention will be held at COLUMBIA, on THURSDAY, the tenth day of August next, at half past ten o'clock A M for the purpose of nominating a candidate for Representative to Congress Also one candidate for Elector of President and Vice President of the United States

Every Town and organized Plantation are authorized to send one delegate—towns having, by the census of 1840, 500 inhabitants *two*, towns having 800, *three*, towns having 1200, *four*, 1500, *five*, 2000, *six*, 2500 and upwards, *seven*

Per order of Congressional Committee

July 22, 1848

County Convention.

The *Democratic Whigs* of the County of Penobscot, are notified to meet in Convention by delegates at EAST CORINTH, on *Thursday*, the 17th day of August next at ten o'clock A M, for the purpose of nominating three Senatorial candidates for the State Senate, one candidate for County Treasurer, one for County Commissioner, and one for County Attorney Also to transact such other business as may properly come before the Convention

The basis of representation will be the same as that fixed for the District Convention

Per order of Committee

Bangor July 17, 1848

☞ There is a very general indeed we may say entire dissatisfaction at the North in the character and prospects of the Territorial bills now before Congress It is indeed a monstrous idea that our government should go on thieving and conquering, and buying territory from the curse of slavery, for the purpose of spreading that curse Every man of every party in the free States must be opposed to so stupendous an iniquity Gen Cass in order to catch us he supposed Southern votes has declared that Congress has no right to inhibit slavery in new territory and thus voluntarily assumes the duty should he be elected President, of vetoing any bill passed by Congress, for that purpose Gen Taylor, the glorious old hero, agrees that this whole matter should be left with Congress, where it belongs, and with the people's representatives require they should have without the interference of the President that veto

It is a hard position which the locofocos in the Free States occupy They are in favor of free soil generally so, we doubt not, and yet they have a candidate opposed to the action of Congress to secure free soil and who would veto such a bill, if called upon to give it an official signature It must come hard for them to vote for such a man

The Whig party in the free States occupies the comfortable position of being not only in favor of free soil but of having a candidate who is in favor of the usual practice of Congress acting upon the subject, and who will not interpose his veto in favor of the inhibition of slavery Taylor and free soil are worth striving for and in striving for these there is some motive, some sense in attempting to get a Congress who will be disposed to act in favor of free soil because the President will agree with them But there is no propriety and no sense in a locofoco voting for Cass, and then for free soil men for Congress, because if Congress should pass a bill inhibiting slavery, Gen Cass will interpose his royal veto and thus defeat it

We go for Zachary Taylor and free soil and a free soil Congress

☞ A correspondent of the Thomaston Gazette has been trying to coax that sprace look ing young man its editor, to take a trip to Saccarappa, the old neighborhood of Cochranism, to see the fine, healthy, and intelligent girls—He Gazette man is prudent He says no—he likes the home sort best Well, the Thomaston girls are first rate, or they are no match for the men.

A Free Soil lecturer from Ohio made a speech in Norwich the other night In his speech he represented that an immense majority would be given against Taylor in the Western Reserve Yet, says the Norwich Courier, we know that, in private conversation with various gentlemen of this city, he frankly confessed his conviction that the electoral vote of the State of Ohio would be given for General Taylor

☞ The Ladies of Skowhegan have recently held a grand two days tea party, which seems to have been attended by all the men far and near The receipts are to be expended in building a plank side walk on one of the principal promenades

The women of Colum set the example by building one mile of side walk, and those of Skowhegan intend to do even more

☞ The Ladies of Oldtown request us to say that they will hold a sale of useful and fancy articles, for the benefit of St James Church at Codman's Hall, in Oldtown during this day and to-morrow

Mr Harris will gladly fill up his cars with the good people of our city who may wish to be present

☞ John B Gough has purchased 20 or 30 acres of land in Boylston, Mass, upon which he is building a neat little cottage His health has much improved during the temporary suspension of his labors He has engaged to labor six or eight months in the State of New York—commencing about the first of Sept

☞ The letter of Gov Morehead to Gen Taylor informing him of his nomination at Philadelphia was returned to the dead letter office at Washington, another has been sent and that returned to him and his reply will soon be laid before the public Those who have undertaken to make capital out of the non reception of the letter will find their plans defeated,

☞ The next arrival from Mexico will probably bring something decisive The N O Delta says that at last advices Paredes and Bustamente were within sight of each other, midway between Guanajuato and Mexico, and that the Governments forces were deserting

Unparalleled Outrage on Inventors Rights.

MR EDITOR

The following letter, published in the Scientific American of July 22d, gives an account of, by far, the most high handed piece of injustice and illegality perpetrated by one of the officers of the U S Government that I ever heard or read of and as there are many ingenious mechanics and others in this State who are engaged in perfecting the riddle of different inventions and as the sufferers by this outrage are residents of Gardiner in this State, you will be doing the cause of inventors good service, by publishing it —

Boston, July 12 1848

Messrs Munn & Co

RESPECTED SIRS—Messrs Eldridge Webber and Charles Hartshorn having finished a model of a new machine for sifting Lasts and other irregular forms, I also with them started for Washington last Monday After we had arrived in Boston and had passed the model on board the railroad cars by some means Mr Blanchard found out the nature of our journey to Washington with the model and went to the United States Marshal and got him to attach and take possession of the model for an alleged infringement of his rights So we agreed to charge the conductor to take home We now intend to call on you and have an out of the road men your paper, duly issued Mr Blanchard dissolved to have power to prevent our erroneously getting a patent Now as I'm glad to tell the villainous influence enough to use such a high handed outrageous breathe upon the well secured rights and privileges granted by the Laws and Constitution of our land If such a senseless tool attempt to make improvements where and rifle with the contents of some private model I the machine will not model for sale or off red for sale, nor has it ever used it for making any irregular forms, nor for it not the case the model to be exhibited that was intended and never was but indeed to be used but to be deposited in the Patent Office for the purpose of obtaining a patent Mr Blanchard may review the machine and a patent was taken by the United States Marshal

S O MITCHELL

The Mr Blanchard above spoken of is the inventor of a machine for turning irregular forms the patent for which he has three years and a man of great ingenuity who has made him very wealthy he has various inventions —but while he is absent, to grant the same privilege to others

Now Mr Editor, it seems hard enough for poor inventors who have no influential friends to assist them at Washington, to have Put at Commissioner over them, like Mr Burke who is charged with all kinds of dishonesty—without also laboring under the disadvantage of having their models secured under some frivolous pretext, on its way to Washington *This case* is peculiarly aggravated as the model in question is one on entirely different principle from Mr Blanchard's but it had been by exactly the same principle never before seen any other person had a right to look at on its way to the Patent office

The expression of the Patent laws with security and the importance of the administration of the Patent office, regarding poor and inventors like having been a source of great profit to this means —but if the present charges against Mr Burke are true and if all of our United States are laws allowed to act with impunity, as have of late in Massachusetts with plunder over of a present from the court to I, I say, *too one*, Mr Editor that the sooner we have a change of administration, the better

BATA

☞ The following letter from one of the stoutest Whigs and most eminent statesmen in the country, written as will be seen, before the Convention of June shows the weeks which that sterling and far seeing patriot took of his own duty in that matter Where John M Clayton goes, no Whig or good man need hesitate to follow The letter breathes the noble sentiments of a man who holds country above self, and deserves to be recorded and remembered to his lasting honor

BUENA VISTA, May 30 1848

My Dear Sir It is meet at once your true friend to our country should act with energy We are in the midst of a crisis which demands the effect we co operation of all who love that country, and seek to relieve it from corruption and oppression

You with the other delegates from this State have been instructed to vote for me as a candidate for the Presidency in the Whig National Convention which is to assemble in Philadelphia on the 7th of June I feel it to be my duty, while duly grateful for the kindness which has conferred upon me such a compliment to consult with my friends and to ascertain their wishes before I take the steps which the instructions, and untie will carry me I learn with pleasure that the early and earnest support of Gen Taylor, who can best carry the standard of the patriots of the nation in the approaching Presidential campaign In the integrity sound practical sense and patriotism I have implicit confidence

I am, my dear McKee faithfully yours

JOHN M CLAYTON

Col M Pike Georgetown D C

Michigan

A writer in the N York Courier says—notwithstanding the State usually gives 3,000 Democratic majority, here will be a close run between Taylor and Cass The correspondent further says and no doubt speaks the sentiments of hundreds of others —

"In 1824 I was equally as warm a Jackson man as I am now a Taylor man I objected the same objections respecting now as the support of Gen Taylor, that applied me to the advocacy of the cause of the hero of New Orleans —But in Gen Taylor I have a double reference, because of the noble American and truly great principles contained in the Allison letter We voted in the dark for Gen Jackson in 1824 and 1828 We knew him to be a christian and a keeper of his word but knew little of principles only as he developed them It is otherwise with Taylor Here not only a wise sagacious and brave chief, but in the letter alluded to he has laid down set of rules for himself to be governed by fit oriented that form a Republican platform on which both Whig and Democrat can stand without any violation of principles —He who goes beyond Gen Taylor's rules or principles is an abstract ionist

THE CHRISTIAN EXAMINER AND RELIGIOUS MISCELLANY July, 1848

This distinguished gentleman addressed a mass meeting of the Whigs of Bracken Co, (Ky) at Brookville on Saturday week The Maysville Herald says

His sketch of the character and services of Gen Taylor was superior to any thing of the same kind we have ever heard, and we speak but the universal sentiment of the audience, when we say that the friends may as safely rest his claim to distinction upon his capacity as a public speaker, as upon his celebrated Santa Fe exploit which has given him a fame extensive with the civilized world

Col D was expected to address the Rough & Ready Club of Mason County at Maysville on the 18th His eloquent Whig speeches (says the Louisville Journal) are the best possible reply to the late Locofoco slander that he had abandoned the Whig party

Affairs in Cuba

The steamer Crescent City, at New York brings dates from Cuba to the 15th inst The Express says that the annexed letter from a well informed source will show the progress of the revolution so long on the point of breaking out in Cuba

MATANZAS July 16 1848—The revolution in Cuba has been quelled by the bold bearing of Captain General, who is to taste for these events

A General Ralz who was to have taken the lead, barely escaped a rout by getting on board a vessel bound for Rhode Island, where he will no doubt confer with ex Governor Dorr

Large sums have been made in south side and more are watched closely by the government

The National Intelligencer has discovered another Letter of Gen Cass asking the editor says the exhibition of Gen Cass is different from the real and intended to delude and humbug the German population It is printed in German pamphlet form We must judge of its accuracy by the following extract from the 12th page

The result of the election of 1844 is well known Mr Polk received the votes of *all the States except one* I never yet thought any other party was to blame except at the polls

☞ There is a very pleasant Panoramic exhibition of Mexico and the recent battles there by sea and by land now open at Market Hall

☞ Thanks to Jerome & Co's Express for papers received yesterday in advance of the mail

☞ M Crousse the new French Ambassador, has arrived in the United States

☞ George W Lothrop Esq the Attorney General of Michigan has been tendered the Cass nomination He goes for Van Buren

☞ The following conundrum, going the rounds as to good to be lost We have our democratic friends want to call it abuse to publish it

Why is it necessary to get to Europe to understand the true character of Lewis Cass—Do you give it up?

Because it is necessary to pass over the Cass (sea)

CONGRESS.

WASHINGTON July 25

In the Senate—

The Committee made a report which was agreed to

The Territorial bill was taken up, and Mr Dix drew out made a long speech on it defending his position He said he was a Southern man but on the Select Committee who opposed the Senate Committee who opposed the Missouri Compromise and was for giving governments to the three territories, one branch to be elected by the Mexicans, the other to be of Governor Judges &c to be appointed by the Federal Government so as to act as a check on each other

Mr Butler followed Mr Underwood, and replied to Mr Dix for first indulging in the slave traffic, and then turning to deprive the South of its property in slaves

Mr Westcott next advocated the Southern side, and then the Senate adjourned

In the House—

Mr Chapman from the Committee on Rules and orders, reported an amendment abolishing the privilege of speaking five minutes on any amendment This was discussed by Messrs Evans, Garland, Vinton, Bayley, and others

The House agreed to report of the conference committee would report on the Indian bill a disagreement

The House then went into Committee of the Whole, and took up the amendments added by the Senate They disagreed to the same

They agreed to lay aside the bill, and take up the Oregon bill

Mr Harris made a set speech replying to Hilliard, and sustaining the Administration

On Mr Collamer's motion, the report was laid on the table

Mr Conger followed on the Northern side of the Slavery question

Mr Bayley read a defence of the Virginia representatives of the last Congress on the Oregon question in reply to Isaac D Holmes speech

The Committee rose The amendment to the Naval Bill was concurred in, and the House adjourned

Twenty-eighth Legislature.

AUGUSTA, July 25

In the Senate—

The city loan bill was read a second time and the 1 o'clock assigned for its consideration—but was not taken up, being precluded by other business It will come up on the question of engrossing next to morrow

On motion, it was ordered that the Senate hold two sessions a day commencing on Wednesday, 26th

The bill authorizing the Portland Saco, and Portsmouth Railroad Company to increase their capital stock and for other purposes—was taken up and Mr Appleton of Alfred resisted it at length against the passage of the bill—as it would tend to retard by stopping all the third section of taking the machine, and certain of it same kind (if not as the rest of the farm by and run about enough like it and in the same as the other boys, (the school agent) he was perfectly moral and became fat and hearty, at length now over five years ago yet not a symptom of the disease has ever made its appearance He took altogether two or three cakes of the Alterative and no other medicine shall use it cheerfully

DYSENTERY CORDIAL,

—AT—

Immediate & Perfect Cure

—OF—

CHOLERA MORBUS DYSENTERY DIARRHŒA SUMMER COMPLAINTS OF CHILDREN AND ALL DISEASES OF THE BOWELS.

WHERE the skill of the most eminent Physicians and Doctors are no longer to be seriously hurted Troubles upon with terror—as this Cordial will most assuredly cure the same in the course of a very few hours, if taken at the early commencement

It has been before the public for more than six years in use and was the first article in the known to the public as an immediate and perfect remedy for these complaints It has now thoroughly tested in every climate and in all sections of the country and every where it has proved itself a safe and effectual remedy for the most violent cases of Cholera Morbus Dysentery and Diarrhœa. Whenever this Cordial will not cure the disease has advanced to the last stage The public may rest assured that all complaints of this nature, or any thing that is in the least injurious to the constitution

Cholera and Common Cholera Morbus.

This Cordial immediately checks the vomiting, relieves the pain, stops the diarrhœa and restores the bowels to their orderly regular action. In this state, however severe the attack may have been however low the patient may have become it invariably restores

Severest cases of Dysentery,

the most violent and unfavorable cases are cured by the use of this invaluable remedy the bowels become gently eased, all pain ceases and in a few hours a perfect cure is effected

Chronic Diarrhœa,

Other medicines, taken for months, and perhaps even in some cases for years, without benefit, will in a few days, when used with this Cordial, be entirely eradicated from the system, and the bowels restored to perfect health

Cholera Infantum

Is the most fatal disease among children, and in many cases to death after only three or four hours illness. Mothers, never be without this Cordial in your houses, as by its timely use hundreds of children have been saved from an untimely grave

Sea Sickness

It is a most pleasant and invaluable remedy for Sea Sickness Either in the form of medicine or as a restorative after meals it will be found to relieve the most distressing sensations of nausea and sickness

Children that are Teething,

should be furnished with a bottle of this Cordial, with this assurance, as it will relieve them from all pain, and they will rise from the Cordial in health and spirits, and will take all their other medicine with the greatest ease and pleasure

For General Debility and Dyspepsia,

It is a most pleasant cordial and one giving a healthy tone to the stomach and bowels and prevents food from passing off undigested, the after meals

CAUTION.

Beware of those impositions which are daily palmed off upon the public bearing the name of some article which the DOCTOR MORRIS DYSENTERY AND DIARRHŒA CORDIAL which came into public notice and has proved itself the only safe and effectual remedy for the above complaints. Also they have copied the wrapper, and in many instances have even attempted to imitate the signature of the proprietor, and the name of the article, thereby endeavoring to deceive the public. Be sure that you obtain DR. E. L. DIDDER'S Cholera Morbus Dysentery and Diarrhœa Cordial, and you will get the only true and original article which has ever been held in the highest estimation by the public throughout the whole country.

It is put up in bottles holding nearly a pint, and intended for family use and is sold at One Dollar a bottle

DR. CUMMINGS'S Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these, others of vegetable origin are combined, designed to render them more active, and consequently more immediately effective.

The Dock, or yellow Dock, is a species of it, now ranks as a medicinal plant, second to no one of the vegetable kingdom. With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested it his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of uniting them, which has resulted in the production of the compound. In this the ingredients are found to act in harmony, and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract is not to be relied on, and least liable to decomposition, is procured by subjecting the root to the action of the menstrua usually employed in extracting principles, for a long time, without heat or any other accelerating agent. None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year preparation.

The Compound is recommended for Scrofula, Erysipelas, Glecrous affections, Eruptions, and Mercurial diseases. Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature intense application, exposures to extremes of heat and cold, overtasking the physical powers and other abuses of the constitution among which are Neuralgia, Piles affection of the Liver, Bilious Complaints, and Dyspepsia or Indigestion.

In diseases of warm climates, with which the proprietor become familiar in his practice in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and preventative.

This medicine has been for some time in use this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him, while in practice, and it is believed to be in favor with his medical brethren in general, to whom he is known

DISEASES OF THE Throat and Lungs.

COUGHS and Colds, the fearful forerunners of Consumption, Bronchitis, Asthma, Pleurisy, Croup, and other lingering diseases, are treated with a confident reliance of the Specific Compliant in mild, deep seated Systems. A Physician is often called in, who administers a few Palliatives, but includes the disease deeper, and the Patient upon the verge of his open grave. But why does he die? simply because he does not resort to the proper remedy, but treats the symptoms and not the disease. Pronounces rather than the infallible cure, or expects one and the same treatment to cure different constitutions. On the shores of the Lakes, and in the valleys of the Mississippi, and many other parts of the United States, DR. YONDERSMITH'S

INDIAN COUGH BALM and Lung Balsam.

has been thoroughly established. Let those who doubt, read the following testimonials which are merely a few of hundreds of the same purport.

CONSUMPTION

AND AFFECTION OF THE LIVER.

CURED,

Of Twenty Years Standing!

New York, June 21st 1847.

This is to Certify that I, Andrew Longbrake, living in the city and county of New York, have been afflicted with consumption and affection of the liver for twenty years, and during that time I have had the best medical advice that could be procured, but received no benefit from any medicine I took, and was finally reduced so low that I was confined to my bed, and was given up by my physicians to die. I was induced to try Dr. Yondersmith's Indian Cough Balm and Lung Balsam, and after having fairly tested the virtues of it myself and family gave them a decided preference over every other preparation.

In every instance, when afflicted with such complaints, or when the organs of life are encumbered with morbid humors, I found speedy relief by taking four bottles of your Pills. By taking from four to six bottles of your Pills without any interruption to my business, I have a way restored to health, without loss of time or money. My family has expended a large sum in vain for medicine, but by the timely use of your Balsam and Pills possess the distinguished honor of saving the life of a child, without disturbing the rest of the family. I have also, without endangering my own health, cured many of my friends and neighbors of colds, cough and inflammation that can pass all be named.

Sworn to before me, this 21st day of June 1847. WM. W. BRADY, Mayor of the city of New York.

INFLAMMATION OF THE BOWELS

New York June 19 1847

Dr. Yondersmith—Sir—I was induced to try one of your Indian Cough Balms, for a cough and pain in the side, which I had been afflicted with for six months, and which I had tried many remedies without effect. I was induced to try your Balm, and after taking two bottles, found myself entirely relieved from my cough, and pain in the side, and have not been troubled with either since. I have also used your Balm in my family, and find it a valuable medicine for children. I have also used your Pills, and find them a valuable medicine. I have also used your Pills, and find them a valuable medicine. I have also used your Pills, and find them a valuable medicine.

Sworn to before me, this 19th day of June, 1847. WM. W. BRADY, Mayor of the city of New York.

CONSUMPTION.

Staten Island, June 10th, 1847.

Dear Sir—I take great pleasure in giving you my certificate, that December I was attacked with a severe cough, pain in my left side, loss of appetite, and entire weakness of body—my symptoms were consumptive, and I had a bad cough, and was confined to my bed. I have been under the treatment of a physician, who was recommended to me for my complaint, but he did not seem to do me any good. I purchased one bottle of your Balm, which relieved me very much, and I continued to use it for one week, when I was perfectly restored to health, and have not been troubled with my complaint since. I have also used your Pills, and find them a valuable medicine. I have also used your Pills, and find them a valuable medicine. I have also used your Pills, and find them a valuable medicine.

Yours respectfully, JAMES BRINDELLON, No 703 Washington st

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR COLDS, COUGHS, ASTHMA and CONSUMPTION

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pulmonary Complaints, is confidently offered to the public, with the full assurance that in every case, without exception, where the directions are strictly followed, it will give relief, and in the majority of these formidable complaints, a speedy and permanent cure.

Three years time of trial in the United States, during which time it has been introduced from Maine to Florida, has fully proved the establishment of public confidence in the virtues of this Balsam, and in many cases the astonishment of the faculty at its wonderful powers of Pulmonary relief, and in all cases the most perfect satisfaction to the afflicted, and in many cases the conversion of all the slight shows of colds, cough and inflammations that can pass by unheeded.

INCONTESTIBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption

IMPORTANT MEDICAL TESTIMONY.

Dr. Buchan:—Dear Sir: The Hungarian Balsam of Life, which you have been so kind as to furnish me for distribution, is, indeed, the most valuable preparation for the cure of the Lungs. I have used in my Family, and in my practice, many of your Balsam, and have yet to find the case in which it has not given relief. I have no hesitation in saying that it is the most effectual remedy for the cure of severe Pulmonary disease, and I can conscientiously recommend it to all whose affected as the most certain remedy for such diseases with which I am acquainted. Yours respectfully,

FREDERICK T. STORER, M. D.

Saco Me., Nov 22, 1845.

Remarkable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM.

I, the undersigned, have been a sufferer from a severe pulmonary complaint which resisted the skill of the most eminent physicians of this city, from Norway, Me., came for the purpose of trying the Hungarian Balsam of Life, which was recommended to me by the gentleman who had used it with the most astonishing success in his own family, and who had been cured of a severe cough, which had
